

Fish Producers located in the highlighted counties

# 2014 - 2015 KANSAS AQUACULTURE ASSOCIATION DIRECTORY OF FISH PRODUCERS

Aquaculture is the controlled cultivation and harvest of aquatic plants and animals. Aquaculture is one of the fastest growing forms of agriculture in the United States. The aquaculture industry is well established in Kansas and is important to the state's economy. It consists of private individuals in the business of producing fishes for food.

This directory was compiled by the Kansas Aquaculture Association. It lists members with fishes for sale to the public and who provide fish production related services. In Kansas fishes purchased from a private fish producer and stocked in to private ponds or lakes are not subject to state regulations. This gives pond or lake owners freedom to manage and harvest fishes as they see fit.

This directory is organized by county. It lists addresses and phone numbers of fish producers in each county in Kansas and producers who are members of the association from neighboring states along with services they provide and fish species for sale.

The codes for the fish sizes are:

- fr = fry or fingerling
- st = pond and lake stockers
- fd = food size
- br = breeder stock

## KAA MEMBERS IN KANSAS (listed by counties)

### CLAY COUNTY

**Fourth and Pomeroy Assoc. Inc.**  
Key Feeds  
PO Box 516, Clay Center, KS 67432  
Tel: (785) 632-2141 Fax: (785) 632-5565  
E-mail: keyfeedsfp@sbcglobal.net  
**Service:** • Feed Manufacturer

### COFFEY COUNTY

#### Trophy Fisheries

Leonard Jirak  
540 16th Rd. NW, Hartford, KS 66854
